### Introduction

The massive collection of smut you get with your All Pornsite Pass includes full access to SIXTY websites! Even if you enjoyed a brand new site each day it would still take you more than two full months to look through them all once!

### Adult Review

Thousands of hours of video and thousands of pics updated on a daily basis at a pace so impressive that you'd be able rub your dick to new smut until it fell right off your body before you'd ever have to watch the same scene twice. If you want a lot of porn for your money you'd have a hard time finding any other website that has as much material as the 60+ sites included in this network.

AllPornsitesPass offers a variety of downloadable and streaming videos in both dialup friendly and broadband enhanced formats. Your membership also comes with thousands of pictures in Hi-Res which can even be downloaded as sets. No matter what kind of smut you are looking for or how you prefer to watch it, this network has exactly what you have been looking for.

Like all networks this one is not flawless. The most glaring weakness of the membership package is that it lacks an internal search function. So, if you want to find all the movies that star a particular actress you may have to hunt around a bit to find them. They are in there, plenty of them, but you may get the feeling at times that it is like looking for a single strand of hay in a big pile of needles.

Also, the members area is divided into 60+ sections, one for each included site. You get access to all 60+ of them with your subscription but you may have to click around a bit to go from one great area of blowjob videos to another great area of blowjob videos instead of having them all in one place.

The good news is that the approach used in designing their members area can also feel a bit like a treasure hunt. As you browse through the included sites you will come across videos and pics that you might enjoy even though if there was a search feature you may never have passed them during your journey.

The price of \$39.95 is a bit higher than most networks but it is more than fair when you consider they are including 60+ sites. They also offer a 3 day trial for just \$1.95 which shows how much confidence they have that you will find the package so irresistible that you will decide to renew.

Take the tour and have a look at the screenshots from all the sites that are included. Pretty much every category of content is included and no matter what turns you on you will undoubtedly find a lot of it in the members area... it just may take some time for you to locate it all.

### Porn Summary

Take thousands of hours of quality video and thousands of hi-res picture sets... now put them all in a HUGE box and shake the box up well. Open the box and that is what you get from a membership with AllPornsitesPass.
