Introduction

Two guys, a bus and some cameras... street by street and interstate by interstate. Bang Bus brings you all the best that roadside amateurs have to offer. Each bus stop is another chance for the driver and his crew to stumble upon the perfect porn screw. They get it on right in the back of the bus and nobody is done until everyone gets off!

Adult Review

Bang Bus is one of the originals in the reality smut site niche. The plan was simple, get a couple guys with some cameras to drive around looking for the kind of woman that would be willing to "go for a ride", then film it get some releases signed and post it here on the net for all to enjoy.

Now a year or two later Bang Bus has a surprisingly large catalog of women who took a trip with the boys. They get on, get off... and get left at the curb like very hot road-kill.

BangBrothers have been around quite a while and have earned a reputation as one of the better production houses in online adult entertainment.

Classic reality sites like Bang Bus, top shelf production quality and a solid effort to bring you fresh faced talent instead of the worn out re-treads lots of other sites pass around all lead us to giving their work a favorable review.

A membership to Bang Bus also includes full access to all the other included sites linked on the right side of this review. Believe me, that is 100s of hours of video and so many downloadable highres pictures... it's just plain sick.

All of the videos are available in dialup friendly formats, streaming formats and in large format broadband. You can download entire scenes with one click or break them up any way you want. The interface is well designed and very easy to use.

Bang Bus also has some nifty features that allow you to tag scenes as your favorites, to rate models and their performances, or to search for specific content by actress.

One thing to be careful of is the pricing plans offered by BangBrothers. To their credit the site does offer a 3 day trial but there are a few catches you should be aware of. The trial is \$4.95 for three days of *limited* access, there are a lot of videos and features you can not use unless you have a monthly membership which makes the trial more frustrating than it is worth.

Also, if you do take the three day trial and later decide to upgrade to a monthly membership, the site charges you \$39.95 per month. If instead you choose the monthly membership from the start the site only charges you \$23.95 a month. If you decide to give Bangbrothers your business I urge you to buy a full month and stay away from the trial membership entirely.

Porn Summary

All aboard the Bang Bus! Please fasten your seatbelts because this ride is going to be a bit bumpy. Keep your hands inside the windows at all times... you'll need them!
