Introduction

If you are interested in finding a better grip to use or would just like to see a pair of pretty hands stroking the business end of some guy's hog then Fantasy Handjobs is the niche site for you.

Adult Review

Every scene has a happy ending! When this collection of wannabee massage therapists get to work they crank out more batches of foamy cream than a 1950s soda jerk.

When the site first got suggested for review by one of our members it didn't seem like it would have too much to offer. Before viewing the site the expectation that it would get repetitive was something to be considered.

However The Tongue knows our tastebuds would not be recommending crappy sites to us and after viewing the Fantasy Handjobs member's contents TheTongue can tell you that it is indeed fascinating to see how different each stroke-artist's approach to her man is. From the grip to the way they handle the whole package these girls each have their own style when it comes to getting out some of their man's pearly substance.

Lots of pretty faces wait patiently to be downloaded to your harddrive where their five knuckle antics can be stored for future viewing sessions. Each clip is offered in dial-up friendly and broadband versions with a number of bonus sites included for the same price.

The quality of the collections and frequency of the uploads will keep your interest a lot longer than you might think. After spending a few hours on the site it became clear there is plenty of intimacy and variety when one of these whores puts her best kung-fu grip on you.

Porn Summary

Without exaggeration, if you are looking for a great hands on site and you convince yourself to settle for some other knockoff of this one... yer jerking yourself!
