Adult Review

The market for quality foot fetish websites has been heating up for a while now, and you'll see plenty of big commercial studios trying to move in and take over the foot worship audience... but the truth is that giving foot fiends what they want is only possible when the people making the movies are gonzo for feet as well. Foot Fetish Daily is foot fetish video by foot fetishists for foot fetishists!

With 160+ exclusive videos already in the archives and more being added daily, you'll need your fingers and your toes to keep count of all the great new smut being added to your collection once you become a member.

The video content is filmed in 640x480 which is not quite high-def but it does look great full-screen on most monitors and it also maintains the truly amateur feel of the Foot Fetish Daily website. This isn't high-budget over the top smut like you might see from some other gigantic studio, this is quality real footcentric porn filmed lovingly by a cast and crew who are obviously into feet as much as you are!
