Introduction

Booyah! Coming at you straight from the West Coast Playa's Ball it's your main man Ice-T MCing the whole cast of characters and kicking off one booty shaking scene after another. When you wanna see Hos touch their toes in front of Bros who know how it goes... this is the joint you need to get up in!

Adult Review

Whassup Playa?!

This aint no joke, Ice-T don't play with you that way. On the spot with high profile Mac Daddys and their fine ass bitches he brings you all the hardcore and kicks the pretenders to the curb.

From chicks who walk the track to bros who have spent a lifetime in the game, this is the place to get started if you want to learn the rules to come up right.

Many of you may know Ice-T from his rap star days; some of you probably think he is just another Hollywood faker. Fact is he has been turning out bitches since so far back in the day that hip-hop was nothing more than a distant noise when he got started. Sure he moved over from the walking stick to the microphone but now he is back and this site shows it... once a playa always a playa.

All of the scenes are well lit and well filmed. None of the scenes use DRM coding so once you download them they are yours to keep forever. All scenes are each offered in a variety of formats that will serve both dialup and broadband users well.

Best of all; take a look at the laundry list of websites on the right side of this review. Every single one of them is included in the membership you get from this website. Full access to so much fucking, sucking and swallowing that your dick will want to call the authorities to complain about your abusive behavior!

The one major drawback to this set of sites is that no trial membership is offered. If you want to get in on all of the action you will have to buy a membership that covers all of the days of the month. You don't get to fuck a Ho and then decide if she should get paid, it's a money up front world.

Porn Summary

Ice-T stirs the drink on this first class tour of a world most men know little about. Where Hos know their role and every Mac keeps his pimp hand strong.
