### Introduction

I Love You Celeste is the official website of this 5' tall 105 pound petite blonde package of sexual perversion! She may be small but she makes up for a lack of size with an abundance of effort and a willingness to go three steps beyond kinky into the realm of serious sexual deviance! As a quick tidbit, yes... she does fuck that baseball bat... in her pussy AND her asshole!

### Adult Review

Celeste is an adorable little cutie whose brand new official website does a lot to show the world what a Solo Girl Site should really be like! I Love You Celeste offers exclusive videos in 1920 x 1080 resolution and lets you see every tiny freckle on her super-tight body.

Looking at her tour might make you think that Celeste's petite blonde body is too fragile for any serious hardcore action. The fact is, she may be petite but she is also sexually fearless and it is that rare combination that will have you thinking I Love You Celeste!

Along with the super-high-def videos and plenty of top quality picture sets; membership to I Love You Celeste also gets you full network access to all of the Included Sites listed on the right side of this review. That means you get to see Celeste fuck herself hardcore with the business end of a baseball bat... and you also get to see all the other action on the rest of The Hardcore Network with the same site pass as well!

If you take the tour and download the trailers you'll see why TheTongue is so excited about the 1440x1080 movies available on the I Love You Celeste website. They are so clear it's like looking through a window into Celeste's bathroom as you watch her soap-up in the shower!

Lots of solo girl sites don't update fast enough or lack a good variety of content. I Love You Celeste solves that problem by mixing her own unique sex movies with a huge collection of content found on the rest of The Hardcore Network. Celeste is able to offer her members plenty of her own amateur exclusive content along with hundreds of hours of video starring dozens of your favorite professional pornstars as well.

In her own members area I Love You Celeste gives you access to her personal Blog and a members message-board that she checks and replies to often. Celeste knows you want access to her life beyond just watching what she does when she is naked. Her willingness to chat with members on her message-board shows she is willing to include you in her life online and adds another dimension to this already stellar solo girl site.

### Porn Summary

I Love Celeste offers hardcore kinky films in 1440x1080 and the network updates over 20 times every week. The combination of top quality solo content and a robust network of complimentary sites makes this blonde girl website one that will keep you happy for quite a while!
