Adult Review

Not all porn megasites are equal, and Karas XXX Adult Playground is definitely one of the top hardcore archives on the Net. This has been the go-to source by horny surfers for 12 years and counting, and there's no plans for the sexy site to stop offering it's nasty goodies anytime soon. So if you're in the mood to watch hot sluts acting raunchy, wild, and lewd, you've found a yourself a porn palace where the best looking whores are always nude!

You will find 5483 full length DVDs in just about any kink you can think of. Just some of the major categories of filth offered by Karas XXX Adult Playground include MILFs, Lesbians, Gang Bangs, Cheerleaders, Asians, and a whole lot more, all of it being 100% ultra hardcore! You'll literally be able to spend months of your life surfing through all of these DVDs and still not be able to see it all.

Don't believe it? The producers of Karas XXX Adult Playground are so sure that they have one of the best smut sites on the Net that they offer a 3 day trial membership absolutely free of charge. But be careful when you take them up on this offer! Make sure you skip the check boxes that will lock you into paid trials for other sites (though some look pretty good, and may be worth a shot), then sit back and peruse the hardcore porn for free.

If you like what you see then do nothing. In three days you'll convert to a full paid monthly member, and the amount of content you'll be able to access will seem like it doubles. You'll be able to access loads of bonus content including web cams, video on demand, and even more DVD archives. Check out the list of some of the bonus sites right next to this review. You just can't beat this amazing value anywhere!

Every DVD that's available at Karas XXX Adult Playground can be both downloaded or streamed in WMV format. There are four different resolutions to choose from, with lots of the newest porn available in stunning 2000 Kbps 720 x 480 resolution. There are tons of high quality porn pictures to also sift through, and that is also nicely categorized. You can sort the content either by your favorite porn star, or by its studio. Unfortunately there doesn't seem to be any obvious way to sort by date or alphabetical order, but with this much top notch smut you can certainly look past that!
