Introduction

What happens when Mike goes on extended vacations to the hottest pussy spot on the planet and brings along a camera to record the details of his journeys into the heart of darkness? This Mike In Brazil website happens! Sexy beige Babes in their homeland, slathered in tanning oil and splooge as well!

Adult Review

If you had a chance to check out Mike's Apartment, this website is one that may feel strangely familiar to you. One day while talking to some of his friends Mike came up with the idea to go on a trip for a few weeks to the fine country of Brazil. This website chronicles all of the exploits that Mike and his cock managed to get into as they went bar to bar, beach to beach and broad to broad all across the sunny shores of this South American sexual paradise. Mike knew that even the great content of his sites would not have been enough for you by itself. So, he cut a deal and now he can offer you full access to 20+ included premium websites for free! Some of these are reviewed by The Tongue as well and are listed on the right side of this page. That means while Mike In Brazil updates once a week, at least one of the other sites on the network updates every day and usually it's more than one per day network wide. That's 7-10 updates every week! There is no DRM coding on the files so you can keep anything you download in your permanent collection. Each and every episode has large format broadband enhanced files and shorter well segmented dialup friendly versions as well. They even offer streaming versions for viewers who are afraid of getting caught with porn on their home or work computers. Since this website really started as a vibrant record of several two week trips that Mike took to Brazil, the older updates have a real authentic vacation feel to them. Noww that the Reality Kings have added Mike In Brazil to their network the newer updates are more commercial looking than some of the older ones and the result is a mixture of amateur smut and professional porn as Brazilian as the lime-juice and sugar of a well made Mojito! This is not a reality website in the TV reality series style; this is a real reality website that features a very horny guy and his camera as they go on a real-life trip in search of decadence, deviance and debauchery. Accept this site as one hell of an add-on to the total package offered by the network and you will undoubtedly be glad you joined. The only drawback to the membership is that the trial version renews at a much higher price than the straight monthly subscription. Read the fine print carefully and sign up for the full month. The site updates fast enough to be worth it and you will save yourself some money by doing so in the long run.

Porn Summary

If you have not had the chance to go to Brazil to sample some of the local talent for yourself then you ought to call your travel agent and start planning that trip right away. In the meantime, let Mike In Brazil be your accomplished tour guide as he shows you what your cock can expect to see when you finally get it down there to have a chance at some of the local women.
