Introduction

Aye Carumba! These latinas will have your cock dancing the salsa and looking around for its pitcher of sangria before you finish downloading your third or fourth scene!

Adult Review

How many times have you joined a latina website and had to sift through it to get rid of all the Phillipinos, asians, american indians and arabic models only to find the site had a total of only four or five real latinas?!

Oye Loca is the real deal. These are the girls you see at the club when you go on vacations, the waitress at that beach resort you wanted to get your fingers into... these are the girls your mother always warned you about!

The site updates every single Monday like clockwork and the updates are something you'll be looking forward to. Each features a brand new latina plucked from her hometown and sent to shimmy her way across your monitor. From her tanned skin to her gyrating hips, every one of these ladies emotes a fiery desire to please you.

The site does not use any DRM encryption so anything you download is yours to keep... and they are so sure you will be satisfied by what they have to offer that they have a 3 day trial of full access for a staggeringly low \$2.99. If you find better bang for your three bucks we want to know where!

Have a look at the right side of this page for a list of other sites also included in your membership. This site is one hell of a deal!

Though the site is relatively new it already has a great catalog of shoots and plenty of video and pics for you to sift through. The interface does a nice job of sorting them for you and even allows you to tag scenes as favorites. Again, going the extra step, these guys even run contests each month with free giveaways of PSPs and Playstation3s for their members. Joining while the site is new only increases your chances of winning one!

Porn Summary

These are the kind of women that you meet at a club... spend the night partying with... only to wake up alone the next morning in your hotel covered in champagne wearing nothing but a big grin.
