Introduction

The sweetest, freshest and warmest pieces of tail that your eyes have ever laid eyes upon are gearing up and getting ready to show off their charming ways. Let them tease you because when you can't take it anymore they are sure to please you!

Adult Review

Having the urge to get some Sweet Fresh Tails up to your place for fun and games but don't want to deal with checking IDs of all the girls at your party? Let the Exclusive Porn Pass network to the paperwork for you and capture each of these adorable teen lovelies for you on lifelike 1280x700 High-Def video!

Sweet Fresh Tails is the teen niche site on the Exclusive Porn Pass network and it brings you all the young, nubile tease and please girls that your cock has been craving! Along with this site, you get access to all of the other sites listed on the right side of this review with your standard monthly membership.

The entire network is brand new which means the archives are not as big as some older more established sites but with about 6 HD movies in the collection of each site they offer and a few updates every week across the network, this smut web ring is filling up quickly.

Each exclusive scene is available in streaming or downloadable versions of low, medium and high quality. The highest quality downloads are 1280x720 resolution and run about 400MB per clip. That's more vibrant and clear than any HD-DVD or high priced television available anywhere in the world currently. Take the tour and see for yourself just how sharp these movies are.

Each update also comes with its own set of high-res pictures that do a great job of showing you what the video includes. Since the movies are larger files, having ultra-high-res images from each is important because it helps your dick make up its mind when deciding which update to download next and which one to skip until next time.

Yes, you can really get limited access for just \$1.00 but that trial access doesn't give you any ability to go to the other networked sites and it only lets you see the latest updated high-res video. That means you are basically paying \$1.00 for one movie. Even worse than that, the trial membership renews at \$38.26 a month if you forget to cancel it in time. Honestly, like anything else... you get what you pay for.

The worst thing about the site itself is the interface. The members area has huge images within it that look great but make navigating around more difficult than it needs to be.

Also, the movie files are named HD.wmv which means any serious collector will have to rename each file they decide to download. Also pictures from the gallery open in a new window so you can't just click a back button to return to the gallery. While each of these issues is minor but as the site grows they will make finding what you are looking for more work than it needs to be.

On the plus side, along with all the exclusive HD content the network also gives you 3,346 non-exclusive bonus scenes in regular definition keep your hands busy. That's a heck of a bonus on a site that's already giving you so many Sweet Fresh Tails to start off with!
