### Introduction

When the babes at Veggie Bang were growing up, their parents must have made them clean their plates before being excused and whoring it up all over their neighborhood. Pretty soon the smartest of these sluts realized that they can use this horrible tasting food for a sexy alternative purpose. Late at night they'd sneak downstairs to raid their fridges, then bring the long hard veggies back upstairs and bang their pussies until they cum!

### Adult Review

The vegetarian vixens at Veggie Bang get themselves off by combining fresh organic objects with warm juicy poontang. Just insert a carrot or some long leafy leeks, pull it out real slow and then continue to repeat! There are 36 exclusive scenes that all showcase whores who absolutely love to shove crispy vegetables in holes that mother nature never intended.

The Veggie Bang vids range from 8 to 20 minutes long, depending on how many organic objects were in season at the time of the shoot. All videos cum in MPG and WMV format in 640 x 480 max resolution. Don't worry about DRM because it's not used, and expect a brand new vegan scene every two weeks.

All of the updates at Veggie Bang include high resolution photo galleries. Most sets contain over a hundred individual pictures in 1024 x 680 resolution. These pics are big enough to show off the fresh morning dew that clings to the veggies before getting mixed into a tasty pussy-juice stew! Screenshots are also included for each full length video.

Market price for a month's membership to Veggie Bang is \$29.95. This also includes membership to each and every porn site that's listed on the right hand side of this review.
