### Adult Review

If you like any sort of fetish porn, chances are you've heard of Wasteland before. They've been around for a very long time, and they're well known for the quality of content as well as knowing all of their fetishes inside and out. This is not a site that plays at the fetishes they feature - these guys are lifestylists and that shows through in their content.

All of the material at Wasteland is exclusive and produced in-house. You're getting great quality HD porn shown at 1280x720 and 409 videos. Weekly updates keep things fresh and exciting. There are many different format choices so that you can enjoy the videos no matter which format you prefer.

Fetishes represented here range from all types of bondage to knife play. It's a very thorough site for most aspects of BDSM, and they treat it with the respect that the fetishes deserve.
